

DG301A DIL14 Analogschalter TTL CMOS Analog Switches

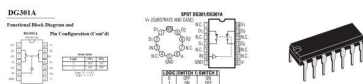

5,95 € *

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: Maxim

Bestell-Nr.: 11-670-20101

DG301A TTL Compatible CMOS Analog Switches DIL14 / DIP14 + DG301A-CK DG301A TTL Compatible CMOS Analog Switches (Analogschalter mit IC-Baustein) DG301A-CK TTL Compatible CMOS Analog Switches will operate with +/-5V to +/-15V power supplies. Monolithic Low-Power CMOS

DG301A TTL Compatible CMOS Analog Switches

- DG301A-CK TTL Compatible CMOS Analog Switches
- switches will operate with +/-5V to +/-15V power supplies.
- Monolithic Low-Power CMOS
- Latchup Proof Construction
- Fully Compatible 2nd Source
- Low On-Resistance, <50 Ohm
- Fast Switching Time
- V+ to V- Analog Signal Range
- Single-Supply Capability
- 0°C to +70°C 14 Lead Cerdip
- Obsolete Solange Vorrat reicht
- Ideal als Ersatzteil
